

# EAT LOVE LIVE

## Fee Schedule

Eat Love Live is committed to providing compassion, individual, evidence informed and effective support for all our clients. Eat Love Live clinicians have additional training in supporting people with eating disorders and are [Credentialed Eating Disorder Clinicians](#) (CEDC).

The Eat Love Live team are supported by clinical leaders with over 20 years' experience in the provision of eating disorder support and are committed to ongoing training and regular supervision to ensure they are providing safe and effective support for all clients.

The initial assessment is an important part of engagement in the healing process. [You can read more about what to expect here.](#)

After an initial assessment with a clinician, they will then spend considerable further time formulating a support plan, connecting with treatment teams and completing the relevant documents and communication. This is reflected in the higher cost of initial assessments.

## Fees

Eat Love Live charge for services provided in line with our scheduled fees which reflect that you are accessing a specialist, private service. Eat Love Live is not a registered NDIS provider.

NDIS standards are that a dietitian charge \$188.99 and physiotherapist charge \$183.99 per one hour block. This is below our scheduled fee. NDIS clients will incur (and must agree to cover) a GAP out of pocket fee (OOP) to meet Eat Love Live's standard fees as a private practice.

**If there are insufficient funds from NDIS to pay an invoice the Client will be liable to settle the invoice with Eat Love Live and claim this back from NDIS in the future.**

**Eligibility**

As a GAP / out of pocket fee (OOP) applies to all sessions with our clinicians to bridge the gap between the NDIS schedule rate for appointments and our private practice fee schedule, Eat Love Live will only be able to work with Self-Managed NDIS clients entering into NDIS Service Agreements or Plan managed clients that **have permission from their plan manager prior to engaging that they are able to accept a provider with a GAP Out of Pocket fee.**

We appreciate that many clients are drawn to our service because of the calibre of our clinicians, their specialist areas of expertise and our unique practice values. If you are Plan Managed NDIS participant please know that you will directly be charged and liable to pay the GAP payment.

## Invoicing

Two Invoices for appointments will be generated: the cost of the appointment billable to NDIS, and the GAP /out of pocket cost for the appointment incurred by the client.

Self-Managed NDIS clients: Self-managed NDIS clients are to settle the full invoice as per Eat Love Live's scheduled fees – on the day of the appointment. The paid invoice will then be supplied via email for the client to claim independently.

Plan managed NDIS Participants: Two separate invoice will be generated for each appointment. The invoice reflecting the NDIS scheduled fee will be forward to your plan manager. The second invoice will be for the GAP amount and will be forwarded to the client for payment on the day of service.

## Session structure:

### Client facing time

This is a minimum for 3/4 of the allocated time and includes the time that the clinician and client are interacting.

### Non-client facing time

This is a maximum of 1/4 of the allocated session time and is the time that the clinician spends engaged in associated administration that ensures quality care and optimal outcomes. This includes time to prepare for the session, time to review and reflect post session and document important information.

**Please note that a minimum of 3 hours of the allocated funding provided by NDIS for dietetic or physiotherapy services need to be reserved for report writing and team meetings.**

This may include and is not limited to:

- Clinician time to attend and engage in case conferences and meetings.
- Support and advocacy letter writing including for special consideration, disability support, NDIS plan creation and miscellaneous that require more than the non-client facing time of sessions.
- Creating reports and additional considerable communication about sessions for a parent not in the session, such as split families.

## Session duration

Please consider when booking reviews the time you will need to address all the items on your agenda. We recommend reviews are booked as the Standard Review (60-minute session time in the calendar), especially during the assessment period and when starting to work with a clinician.

The clinician will discuss with you when it is appropriate clinically to book shortened reviews.

If a Standard Review is booked and all of the time is not needed, such as the consultation and non-client facing time is completed within a short review period - the lower fee will be charged.

**Client's responsibilities**

Clients need to ensure that our reception has a copy of their NDIS plan and signs and returns the NDIS agreement form provided to them a minimum of 48 hours prior to the scheduled initial assessment.

If this is not complete withing 48 hours prior to the initial assessment, we will cancel the appointment to avoid incurring a Late cancellation/ Failure to attend fee.
